INTRODUCTION

Avoca Private Bush Camp is a safari retreat perfect for friends and family in the revered Timbavati Nature Reserve. Open to the Kruger National Park, yet occupying private land, Avoca is wild and tranquil, offering an exclusive safari experience in simple, bush camp accommodation. This authentic camp can sleep up to 8 guests, which means an intimate and personalized safari experience awaits.

The beauty of this private getaway spot is the lack of electricity, leaving all cooking and water heating up to gas and solar power. It is eco-friendly and idyllic, providing a peaceful spot to unwind and reconnect with the natural world. Avoca is a reformed hunting camp, now offering photographic safaris.

The Timbavati Nature Reserve is known for superb game viewing, and is also the home of some of the only wild white lions on earth. The town of Hoedspruit is about an hour's drive away, offering a close-by refueling station with a wide variety of outdoor activities on offer.

A TYPICAL DAY AT AVOCA PRIVATE BUSH CAMP

Traditionally, the day kicks off with a morning game drive, and afternoon game drive departs at around 16h30 while the hours in between are spent at leisure. Alternatively, there are a host of activities on offer about an hour's drive

or less from Avoca, which include the endangered species center, hot-air ballooning, day trips, and pampering spa treatments. The lodge's close proximity to these external activities mean that guests can arrange to spend time exploring these options.

A typical day consisting of morning and afternoon game drives at Avoca might look something like this:

- **05h30:** Wake up call and coffee
- **06h00:** Morning game drive departs
- **09h00:** Return to camp and spend the day at leisure
- **16h30:** Depart for afternoon game drive, including sundowners
- **19h30:** Return to camp with ready-made campfire in the boma

LOCATION

Avoca Private Bush Camp is located in the Timbavati Private Nature Reserve on a family farm belonging to the Berettas – now in its 4th generation of family ownership. The Timbavati is a renowned nature reserve on Kruger Park's western boundary, nestled between the Manyeleti in the south and the Klaserie in the north.

The camp is located about an hour's drive from Hoedspruit, and within 30km of the Kruger's Orpen Gate. It is an easy drive from Johannesburg, which is about 5 hours away, while the Hoedspruit Eastgate Airport is only 40 minutes away, making it ideal for fly-in guests too.

HOW TO GET THERE

Avoca Private Bush Camp is located about an hour's drive from Hoedspruit, and about 5 hours' drive from Johannesburg. The Hoedspruit airport is about 40 minutes' drive away, so there is an option for fly-in guests from Cape Town or Johannesburg.

GENERAL TRAVEL INFORMATION

Weather

The average mean rainfall for the year is 350mm, with most rainfall occurring during mid-summer (November

- February). The rainfall generally occurs in the form of thunderstorms where a downpour is experienced, very seldom lasting longer than a few hours. The average maximum temperatures range from 24°C in July to 31°C in January with the average minimum occurring in July at a temperature of 8.5°C.

WILDLIFE

Mammals

Some of the world's largest mammals find their home in South Africa, where elephant, giraffe, hippo, buffalo, and rhino reside in the wild Kruger Park. Game drives in the Timbavati Nature Reserve lead to unforgettable sightings of these large species, in addition to general game, such as zebra, impala, kudu, gnu, waterbuck, bushbuck, duiker, and steenbok.

Predators

Following in the footsteps of the herbivorous mammals

are the carnivorous species of the South African bush. Lion, leopard, hyena, cheetah, African wild dog, and the Nile crocodile are some of the prominent predators residing in the Kruger region. Smaller predators include jackal, mongoose, civet, and genet, among others.

Birdlife

The Timbavati habitat accommodates a complete smorgasbord of birder's delights. Water birds such as herons, storks, plovers, spoonbills, and sandpipers are common along dam edges; kingfishers, orioles, robins, chats, larks, cisticolas, and coucals are some of the veld and woodland birds around; while birds of prey are seen and heard throughout the day.

Malaria

Before travelling, guests are encouraged to consult their local doctors on anti-malarial medication and preparation, however a repellent stick or spray is effective and should be utilized.

WHAT TO PACK

Throughout the year, we recommend packing lightweight, neutral-colored clothing with short sleeves. Guests should pack sun protection in the form of sunblock, sun hats, and glasses, while scarfs, jackets and gloves are needed for early morning game drive in winter.

Bring along cameras, binoculars and recording gadgets to keep a record of the many wildlife sightings.

There are many bird and wildlife books on offer at the lodge, making for interesting reading, but guests should specific books and games for entertainment.
