Safari Drives

Head out on an afternoon game drive in one of the two nearby reserves, guests are accompanied by an experienced guide in an open 4x4 safari vehicle. The first reserve is set along the lush banks of the Klaserie River, boasting huge trees such as Anantrees, Jackalberrys and Fig trees. This area provides ample bird-viewing opportunities along with a variety of game species, such as Buffalo, Zebra, Giraffe, Sable, Kudu, Blue Wildebeest, Impala, Warthog, Nyala, Waterbuck, Leopard as well as White and Black Rhino.

The second reserve is located between Thornybush and Timbavati and has 4000hec of wilderness along the Timbavati River. Being one of very few lodges making use of this private reserve makes this a totally unique experience. In this pristine bushveld you are likely to see a wide range of fauna and flora, the reserve is inhabited by Buffalo, Elephant, Leopard and Lion. Other common residents include Hyena, Giraffe, Zebra, Kudu, Bushpig and Blue Wildebeest.

At sunset your guide will find a setting in the beautiful African savanna for you to enjoy a safari sundowner with a mountainous backdrop. Get to know your guide, ask as many questions as you can and take in the safari sunset scenes around you. After dark, we will slowly start making our way back to the lodge making use of the spotlight, set out in search of the nocturnal animals, looking for that tell-tell eye shine.

Kruger National Park - Full Day Trip

A full day trip into the Kruger includes a packed breakfast, which guests will enjoy at a rest area in the national park. Guests will depart Klaserie River Safari Lodge in the transfer vehicle before breakfast and head to the Kruger's Orpen Gate, which is a short 30-minute drive away. Enjoy phenomenal game viewing in South Africa's most famous wildlife region, indulge in some curio shopping and enjoy lunch and refreshments (at own expense) at a rest area before returning to the lodge.

Bush Walk

Bush Walks take place on location in Klaserie River Safari Lodge's private game reserve, populated by a variety of wildlife species. Guests will depart the lodge on foot, led by a professional field guide armed with information about the smaller details of the bush, such as tracks, signs, trees, and insects.
