Located in the Wild Rivers Nature Reserve which neighbours
the Greater Kruger.

Rukiya is an intimate, tented camp built beneath old riverine trees on the banks
of the Blyde River.

The camp is low impact with an environmentally friendly construction and
operating ethos. Beautifully reclaimed timber is used for decking and furniture,
and light canvas for the tent construction.

Owner run and managed, the camp strives for relaxed luxury, friendly good
service and refined, yet elegantly relaxed bush style cuisine and dining
experiences
